

# Thermoforming Machines

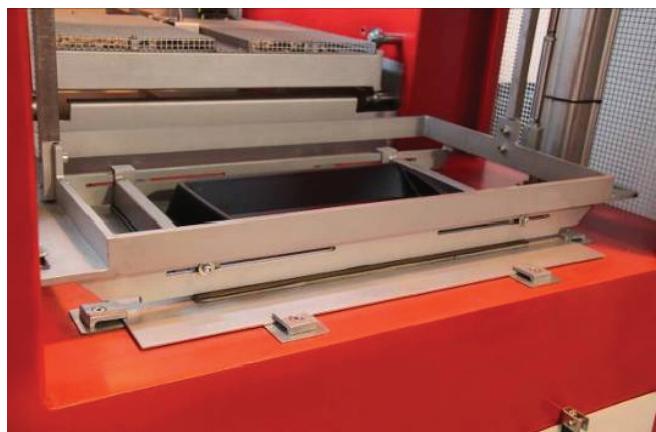

## MiniCREA 100704 and 080503

**Cannon**

**Forma**

- ✓ Highly efficient IR-heating system
- ✓ IR-Heating lamps individually controllable
- ✓ Flexibility for tool change (adjustable plates and clamp frame)
- ✓ Clamping system – perimetral scrap: 10 mm
- ✓ Fully automatic and saves all process parameters (incl. proportional vacuum, mold release, sag control, bubble)
- ✓ Self-diagnostic with clear alarms shown on OP
- ✓ Auto-learning features (well known Cannon software)
- ✓ Easy adjustable clamp frame
- ✓ Plug assist
- ✓ Heating Cycle pyrometer

## Adjustable aperture plates
